Jewish Studies in Sweden

I think there is a resurgence of anti-Semitism because at this point in time Europe has not yet learned how to be multicultural. And I think we are going to be part of the throes of that transformation, which must take place. Europe is not going to be the monolithic societies they once were in the last century. Jews are going to be at the centre of that. It's a huge transformation for Europe to make. They are now going into a multicultural mode and Jews will be resented because of our leading role.

**TO force integration is genocide of the European race.
THE diversity agenda is a program of massive, forced immigration.
IT is an attempt to create a "blended humanity" in only white countries.
THE deliberate assimilation of the gene pool is genocide.**

**DIVERSITY is an anti-white genocidal scam.
DIVERSITY means chasing down the last white person.**
